Local requirements (e.g. police clearance, visa, working with children check) and limitations to practise (e.g. allowed to examine patients)	No visa, police clearance or working with children check for short term visiting scholars. Visiting scholar can only observe faculty or staff working with patients but they cannot have any patient contact - be it physical or verbal and should be in the company of a UNMC faculty/staff at all times when with a patient.
Accommodations available for visiting faculty?	No specific housing, we can help secure housing.
