Ranked again as one of the nation’s Best Children’s Hospitals in five specialties by U.S. News and World Report in 2019-2020 and in 2019 by The Leapfrog Group as a Top 10 Children’s Hospital, we are seeking a physician who is Board Certified or Board Eligible in Pediatric Infectious Disease to join the team at Valley Children’s Healthcare, one of the largest pediatric healthcare networks in the country. The successful candidate will join the current team of three physicians at the main campus in Madera, California.

The Infectious Disease Practice at Valley Children’s provides inpatient and outpatient evaluation and management of children with suspected or proven infectious diseases. Situated in the center of one of California’s most stunning geographic areas, you’ll find an exceptional professional opportunity at this state-of-the-art, free-standing children’s hospital with 358 regional beds that sits on a 50-acre campus on the bluffs of the San Joaquin River, with the Sierra Nevada Mountains in the background.

With a vast 12-county, 145,000 square-mile service area, Valley Children’s provides Central California’s only high-quality, comprehensive care to over 1.3 million children in the service area, from before birth to age 21, with more than 650 physicians and 3,400 staff. Valley Children’s Pediatric Residency Program, affiliated with Stanford University School of Medicine, and fellowship programs provide first-class training for the next generation of pediatricians and pediatric subspecialists.

Here you’ll find an exceptional quality of life with an unparalleled opportunity to live within one to three hours of the magnificent Pacific coast, the Sierra Nevada Mountains and the San Francisco, San Jose and Los Angeles metropolitan areas. Sonoma and Napa counties and Lake Tahoe all are within a four-hour drive. Outdoor enthusiasts will enjoy living in the only region in the nation to have not just one, but three, National Parks (Yosemite, King’s Canyon and Sequoia) right in your own backyard. Whether you prefer the snow, the sun or the sand, it’s all within your reach.

Another perk: The area is very affordable, and it boasts award-winning schools, making it the perfect choice for families.

A Magnet-designated facility, Valley Children’s offers an excellent support staff along with a busy, growing practice and a highly competitive compensation package, including signing bonus and relocation.

For complete details and confidential consideration, please contact Glenda Church Smith, Principal, Pediatric Search Partners by phone at (877)440-3832 and (214) 850-3094 (cell/text).
